

## TEACHING PHILOSOPHY/ BIOGRAPHY

### **Brian Joyner, PGA Head Golf Professional**

Brian has been involved in the game of golf for over 15 years and has learned from some of the top teachers in the industry.

Brian's philosophy is that each student has different needs and learns in different ways. He places emphasis on teaching the fundamentals and perfecting impact position. Brian caters to students' playing ability and understanding of the game.

Brian attended Campbell University and has a degree in professional golf management. He obtained his PGA Certification in May of 2013

Brian offers individual lessons, playing lessons and clinics, while also teaching Get Golf Ready classes.

### **Jason Hammel, PGA Apprentice Assistant Golf Professional**

Jason is in his first year as the Assistant Golf Professional at Carolina Colours Golf Club and is a native of Western Pennsylvania, an area known for its golfing history.

Jason grew up just 8 blocks from historic Oakmont Country Club and competed for Saint Vincent College's Golf Team in Latrobe, Pennsylvania; the home of Arnold Palmer.

Jason will help you simplify your game. He will focus on your own unique swing, your natural tempo, and the way you mentally process how you play the course.

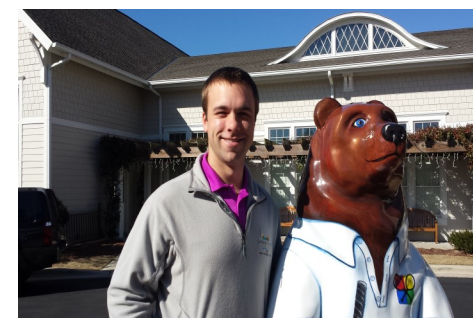

Hitting it solid and staying out of trouble will lower those scores!

**Member—\$190**

**Non-Member\$230**

### Brian & Jason Clinics

**\$10**

## GET GOLF READY

Get Golf Ready debuted at Carolina Colours Golf Club in 2012 to rave reviews. This program offers a series of (5) 1 hour lessons, unlimited use of the driving range and practice green during the 5 week period of the lessons, a beginner set of clubs (three irons, two woods and a putter), a bag, balls, tees....everything you would need to get started in the game of golf.

Thanks to generous donations made by our membership and management, this program is kept at an affordable rate.

We cover everything from the mechanics of the swing, rules, etiquette and pace of play.

At the conclusion of the Get Golf Ready classes, graduates are offered discounts on membership options at Carolina Colours GC.

**Our next session of classes will begin in the spring**

## CLINICS

Clinics will be offered to members and non-members throughout the year. These group lessons cover a variety of topics related to the game of golf. Call the Pro Shop or stop by to check out the sign up sheet to see what topics will be covered in the coming months.
